

LUCERNE APARTMENT ACCESS STATEMENT

Lucerne is sited in the town of Lyme Regis and is about a five minute walk to the start of the seafront as well as both the top and bottom of the main shopping street. Views from the main rooms of the apartment are the classic and stupendous views of the Jurassic coast from Lyme Regis towards Portland Bill Lighthouse, a distance of 19 miles. The view does of course mean that Lucerne is sited on the west side of Lyme Regis on a hill, about 150 yards up the hill. The parking for the apartment is under a carport to the rear of the house, approximately 15 yards from the apartment.

The apartment can be approached from the front of the house using a series of 12 steps and landings. Alternatively you can enter Lucerne from the parking area by use of a step and a rising slope to the foot of 5 steps leading into the apartment. The apartment is on one level with the exception of the bedroom which has a two inch threshold.

We do not consider the apartment to be accessible for wheelchairs. 'How to find us' directions can be found on the 'Contact' page.
